

Surface mount base (single)

**Part-No.: 88915A5**

Surface-mounted base single for 1 Systevo component with frame/cover plate in Systevo Call design.

High quality plastic compound with antimicrobial surface for reduction of microorganisms and to inhibiting the growth of germs.

Good mechanical properties with high resistance to the daily stress (operation, cleaning, disinfection, shocks etc.).

Suitable for use in care facilities with high Requirements for hygiene, stability, Longevity and durability.

Features:

- Plastic compound (PC + ABS-FR)
- UV-resistant
- Matt finish
- Antimicrobial surface
- impact resistance
- heat resistance
- Strength
- longevity
- durability
- Flame protection (fire prot class V0)
- Halogen free

Installation

Fixing screws

Color

white (RAL 9016)

Dimensions

W: 81 mm H: 81 mm D: 35 mm (top)
